## Student Poster Session

On behalf of the Prognostics and Health Management (PHM) Society we are soliciting posters for a special student poster session at the **2<sup>nd</sup> European Conference of the PHM Society, July 8–10, 2014, in Nantes, France**. Posters are intended for student authors and participants to engage in discussion about their work and provide an opportunity to presents late-breaking results, ongoing research, or works in progress. Poster session will be open to both PHM and SHM attendees thereby getting a much wider audience for students' research work. Topics of interest for submissions include, but are not restricted to, the following:

- Prognostics system design and engineering
- Prognostics sensors and detection
- Physics of failure prognostics
- Asset health management
- Structural health management
- Prognostics for electronics
- Diagnosis and fault isolation methods
- Data-driven and model-based prognostics
- Condition-based maintenance technologies
- Standards and methodologies
- Fault-adaptive control methods
- Return-on-investment analysis
- Deployed applications and success stories

### Submission Instructions

The submission opens on November 25, 2013 through the PHM Society website ([www.phmsociety.org](http://www.phmsociety.org)). Please submit an abstract by the **abstract submission deadline, January 24, 2014**, using the normal submission process choosing 'Student Poster' under 'Submission Type.' Submissions will be reviewed. Poster templates and guidelines will be available through the website soon. Final posters and write-ups for accepted submissions will be due on **May 30, 2014**. For further questions on submission and related issues please contact [phme\\_tpc@phmconference.org](mailto:phme_tpc@phmconference.org). We look forward to your contributions.
